

# LINDR NAKED TOWER

The LINDR NAKED dispensing tower is a unique single-tap tower, which mainly benefits from a simple, clean design.

It is enhanced by the all-stainless steel design without welds and is especially suitable for modern areas of bars or restaurants and also where there is not much space. To underline the design, the used middle pole dews on the surface thanks to the recirculation, creating a unique look of a really chilled beer.

## | BENEFITS AND USEFUL FEATURES

**DESIGN** - All models are completely in all-stainless steel, subtle design with one tap. The surface treatment is possible in polished stainless steel or sandblasting.
